

We are extremely happy with our sons progression since he started going to pre-school.

He always talks about how nice the staff always are to him and myself and my partner are happy with the staff too. Always very happy and friendly towards us all and will definitely be sending my daughter when she is old enough.

We love going in to see what our son has been making and love that its all on show as soon as you enter.

Thank you to North Drive pre-school as we have one happy family here, and hoping to see more of our sons progression as the year continues.

We are always happy with the information received and feel we are given plenty of notice for upcoming events and what we should be doing at home to further our sons learning and to help with his topic at school.
