

I am very happy with how the pre-school runs. My daughter and I are always greeted with a warm and friendly welcome. The staff are all very friendly and approachable, always happy to help.

They also keep me well informed with what is going on and my daughters progress etc.

My daughter was extremely shy when she started at the pre-school but now due to the school and staff she is a lot more

confident and talkative, often singing the latest song she has learnt at school.

The school is great at coming up with wonderful ideas and my daughter often comes home with things that she has made and some lovely art work!
