

Feedback for North Drive Pre School.

my 3 year old son has been going to North Drive pre school for 18 months now and absolutely loves it.

He has come on so well since being there, not just with his speech, his social skills, he can count, interacts with his peers & adults alike.

I am always given updates on a regular basis of how B is progressing, and am always able to pop in & see his work without making an appointment. The facilities at the pre school are far greater than any others in the area and I am glad B goes here.

The staff are fantastic always on hand and available to discuss any concerns I may have, although in 18 months I have never had any concerns on how B is treated, taught.

The staff are ever so friendly + helpful and always greet us with a smile ☺

We are always given plenty of notice & time on all things the pre school is planning on teaching + working on with the children, and also the term dates etc.

Fantastic Pre School Fantastic Staff
Just love it
